Volunteers: The Heartbeat of Hospice

Thank you for considering joining our team of volunteers. We want to share with you our passion and mission of caring for all patients at the end of life journey. We at Coastal believe it to be a calling to serve in this very special type of work. It is always important to remember that as members of the hospice team our number one priority is the patient and family.

Coastal Hospice affirms life. Hospice exists to provide support and care for persons in the last phases of incurable disease so that they might live as fully and comfortable as possible. Coastal Hospice recognizes dying as a normal process whether or not resulting from disease. Coastal Hospice neither hastens nor postpones death. Coastal Hospice exists in the hope and belief that, through appropriate care and the promotion of a caring community sensitive to their needs, patients and families may be free to attain a degree of mental and spiritual preparation for death that is satisfactory to them.
